Harshwardhan Singh Rathore

Cloud computing engineer

I am curious to learn more about data and cloud computing. I want to work for a honored organization, and I want to be a part of the next technological breakthrough.

EDUCATION

B.Tech-Cloud computing
Poornima University
08/2017 - 06/2021   *Jaipur,India*

Junior college
Ascent international school
06/2016 - 03/2017   *Udaipur,India*

PROJECTS

VPC peering ,sFTP and ssh to netapp cloud storage (01/2021 - 04/2021)
- Launched databricks through aws marketplace and created an instance through cloudformation. And sFTP server on different VPC. We have done VPC peering for databricks and sFTP server and mounted a volume on sFTP

Data transfer from linux server to AWS redshift (04/2021 - 06/2021)
- We have created a sFTP server which were deployed on EC2 instance(Linux based).And we were fetching the data from sFTP landing zone through databricks to AWS Redshift. And also this project also has the capability to store all the logs using python logging.

AWS cloudwatch (05/2021 - 06/2021)
- Using cloudwatch agent storing all the logs of my local linux over the cloudwatch

SQL Data fetching through SSIS (06/2021 - 07/2021)
- Project allows you to manage such items as SQL and query files and database objects easily.

EC2 instance from a custom Amazon Machine Image(AMI) (03/2020 - 04/2020)
- Amazon Elastic Compute Cloud (Amazon EC2) provides scalable computing capacity in the Amazon Web Services (AWS) Cloud.So non-technical companies can focus more on productivity rather than infrastructure.

Static HTML website (04/2019 - 05/2019)
- A static website consists of a series of HTML files, each one representing a physical page of a website. I

WORK EXPERIENCE

Cloud Engineer
Circulants software private limited.
07/2021 - 11/2021   *Jaipur,India*
This is an organization which works for the biopharma companies.
Achievements/Tasks
- I have got appreciation letter for giving training on cyber security and ISO control 13 & 14.
- I have worked with technology like: Cloud computing, Linux server, Windows Server, SQL , SSIS , Python, Shell scripts.
- I have worked on 3 projects. And I have given client presentations for the products.

Contact : Anjana Sharma - HR,Circulants Jaipur

SKILLS

GNU/Linux   Amazon web services (AWS)

Cyber security basics

SSIS (SQL Server Integration Services)   Python

HTML(Hypertext markup language)   SQL Server

Computer Network   Presentation Skills

Leadership Skills   Microsoft Excel   Shell Scripting

ORGANIZATIONS

Circulants (07/2021 - 11/2021)
Amazon web services ,Python , Linux ,SQL server management studio, Data analysis, and Microsoft Azure

CERTIFICATES

Cyber Bytes-JU Rhythm (04/2019 - 04/2019)
It was a inter college competition of cyber bytes.

IOT-Workshop (04/2018 - 04/2018)
Internet -of-things

Appreciation letter, Circulants (11/2021 - 11/2021)
Cybersecurity Training
